

Amery Bohling Watercolor 2021 Supply.

Brushes:

If you are able to buy them, I love Rosemary Pocket Pure Kolinsky Sable in pointed in R0- size 4, R2 - size 8, and an R12 Dagger in 1/4th" size. (they are no longer available to America but you may find some at the Scottsdale Art School). If these are not available I also like Faux Squirrel Brushes By Dynasty in 1/4" and 3/8" dagger and some round points in size 3,4,8.

Paint:

I highly recommend Sennelier L'Aquarelle French Watercolor Paint, Metal Box Pocket Set of 12 Half Pans (you can also get a bigger pan set if you like). With the 12 pan set you will want so also buy a tube of titanium white watercolor. Please, no student grade. Cheap paints are very bad for beginners to learn with. They will not be able to do the tricks we will be practicing. If you want a go a bit cheaper you can pick up a Sakura XNCW-30N Koi Field 30 Assorted Watercolors with Brush Sketch Set.

Paper:

I love Raymar watercolor boards in 6x8 or larger for a main piece that can be framed with out glass and doesn't buckle. I will also be using for most sketches is Strathmore Watercolor Journal in their heavier paper.

Extras:

Paper towels, a cup for your water and some of your favorite pictures if you are dying to paint something. I will also have photos for you to work from.
